The tax system confuses me.

Where can I find easy to understand guidance on my tax rights and obligations?

Which benefits am I entitled to and how do I claim?

I'm starting an apprenticeship next year. Where can I find information on how I will be taxed?

We are going abroad to study and work. What tax laws apply to us?

I don't know how and when I should pay back my student loan. Is there anywhere I can find simple, accurate advice on the ins and outs of student loan repayments?

I think I'm owed a tax refund. Where can I find information on how to claim my tax back?

I need examples and explanations of what I should expect to see on my payslip.
